Major Changes to Pre-Trial and Trial Rules in New York: What You Need to Know

Now that courthouses are starting to re-open from their COVID closures, court administrators have taken the opportunity to promulgate new rules to aggressively reform how all aspects of a case are handled, including trials. Our guest speakers will explain how you can leverage these new rules to your advantage.

Participants attending this virtual presentation will learn the following:

Understanding how New York's discovery rules can impact the handling of cases.

Learning how New York's trial rules will impact trial strategy and procedure.

Understanding when arguments need to be made to preserve them for appellate review and to maximize settlement leverage.

Webinar Fee: This webinar is free for all attendees

Continuing Education Credits: Approval of this program for continuing education credits is pending review by the American Society for Healthcare Risk Management for CEUs toward the designations of CPHRM, DFASHRM, and FASHRM and the New York Continuing Legal Education Board for CLE credits.
